The background is a 3D game world with green grass, a yellow character, and various buildings. The top left shows a chat icon and coordinates "(-30,4,-18)". The top right has several circular icons for search, zoom, and other functions. The bottom center features a keyboard icon.

GLOBAL ENTREPRENEURSHIP TEACHER

**A Global Job Opportunity that can
Change the World**

WHY GLOBAL X-SCHOOL?

All kids around the world must have an entrepreneurial mind-set and set of skills— that is, to be able and eager to engage in continuous innovative, out-of-the-box thinking, to be flexible and adaptable to changing circumstances, and perhaps most important, to be able to implement ideas or seize opportunities by launching a real business, or to carry out the project within an existing organization, or to do whatever is required of them to succeed in the new 21st century global economy.

These are real skills that must be taught and conveyed to all members of society and drawn on throughout their lives, especially for those who start out with huge disadvantages.

It is both an economic and a moral imperative.

Carl Schramm, Global X-School Dean, Author (Good Capitalism – Bad Capitalism, Better Capitalism), Past president Kauffman Foundation, Professor, Special Advisor to US Dept of Labor, Evangelist of Entrepreneurship (The Economist)

THE GLOBAL X-SCHOOL IS A MASSIVELY SCALABLE KID-DRIVEN, GAME-BASED COMMUNITY THAT MOTIVATES KIDS TO LEARN ENTREPRENEURSHIP
